i was listening about this movie for years and i had no intention to watch some low budget retarded crap. and then i realized it has 3 more sequels. wait a minute, if it is failure why would they shoot 3 more. it had to make some serious money if they continued to make sequels. ok, let's give it a chance. and wow, what a movie!!! i hate shark movies, even the famous jaws was retarded for me. but this.. this is awesome! i wouldn't say it was a horror, more of a bloody action drama, but it really keeps your attention and occasionally your ass at the edge of the seat. i am thrilled. definitely my favorite shark movie and favorite horror action. highly recommended. p.s. when i saw steve from beverly hills 90210 in the leading role i thought he is too fatuous for the role of macho hotshot who saves the day, but he did it very well. awesome awesome movie.8,5/10
