
Itoo HQ PLANTS _VERIFIED_

HQ Plants are large collections of high quality 3d trees, palm trees and shrubs for 3ds Max. All models have materials and textures. As textures, original images of plants are used, from which each element of the model was created. These images are located in folders with the name of the model file. To work with HQ Plants models, you need to install 3ds Max with the graphics editor in which you plan to use the models. To work with HQ Plants models, you must have 3ds Max installed with the graphics editor you plan to use the models in.
